In the same style of the ever-popular Videos That Teach, Videos That Teach 2, and Videos That Teach 3, Fields and James deliver another round of video clips from recent movies designed to teach your students. For better or worse, movies are the storytellers for our postmodern students. With this follow-up to the previous two bestsellers, you can use the 'visual parables' of modern cinema to illustrate the point of your lesson or discussion. Teachable clips from 75 movie titles provide the framework for Videos That Teach 4, an invaluable media resource for anyone who works with adolescents (or adults too, for that matter). Indexed by subject and Scripture references, each clip comes complete with summaries of the movie and the clip, start and stop times, Scripture references, and discussion-starter questions. Clips from popular movies make this highly usable book a resource that will appeal to youth workers, Bible study leaders, and Sunday school teachers of just about every denomination.
