The Golf Stats Log Book is an end-of-round journal designed for recording detailed statistics for 40 rounds of golf. These comprehensive, detailed statistics are organized by categories to help you assess what areas of your game you need to work on. In addition to standard stats like fairways hit, greens in regulation, and putts per GIR, many other stats give you a breakdown to help you evaluate your ball striking consistency and accuracy for different types of clubs, which types of putts you are sinking and missing, whether 3-putts are a result of poor lags or poor short putting, how you handle birdie putts compared to par putts, which areas of your short game are strongest and weakest, where you are losing strokes to penalties, and how you can improve your mental toughness to shave strokes off your score. Average your statistics after every 10 rounds and compare your 10-round stats to see how your game changes over time. This item ships from La Vergne, TN. Paperback.
